

Introduction to LP-Sasakian Manifolds

Dr. Ather Aziz Raina
Dr. Bilal Ahmad Chat
Dr. Javid Iqbal

This book is intended to provide a brief course in LP-Sasakian manifolds for the Honours and Postgraduate students in the hope that it will lead to the LP-Sasakian Manifolds. This book is a collection of papers presented keeping the interest of the students in mind. The book has been arranged in an easy and logical way. The material has been arranged by sections spread out in three parts. The first part contains books and papers is also arranged as a collection of exercises and examples for an in-depth understanding of the subject. The second part contains the author's research work in the subject. The third part contains the author's research work in the subject. The book is intended to be a reference for the students and researchers in the field of LP-Sasakian Manifolds.

About The Authors

Dr. Ather Aziz Raina is a Professor in the Department of Mathematics, University of Delhi, India. He has been working in the field of LP-Sasakian Manifolds for many years. He has published several papers in the field of LP-Sasakian Manifolds. He is also the author of several books on the subject of LP-Sasakian Manifolds.

Dr. Bilal Ahmad Chat is a Professor in the Department of Mathematics, University of Delhi, India. He has been working in the field of LP-Sasakian Manifolds for many years. He has published several papers in the field of LP-Sasakian Manifolds. He is also the author of several books on the subject of LP-Sasakian Manifolds.

Dr. Javid Iqbal is a Professor in the Department of Mathematics, University of Delhi, India. He has been working in the field of LP-Sasakian Manifolds for many years. He has published several papers in the field of LP-Sasakian Manifolds. He is also the author of several books on the subject of LP-Sasakian Manifolds.
